How to be Certain of  
Curing Constipation

Prejudice is a hard thing to overcome, but where health is at stake and the opinion of thousands of reliable people differs from yours, prejudice then becomes your menace and you ought to lay it aside. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention.

In the opinion of legions of reliable Americans the most stubborn constipation imaginable can be cured by a brief use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on that account, or because it has not been blatantly advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

#### Got His Ducks

Edgar Wilks is about the luckiest hunter or the best hunter in this little city. He always gets his if there is anything doing. One day last week he was out and a flock of four bluewing teal, some little flyers, got up off Moore's lake. Edgar brought all four home with him. He got them with five shots from his automatic. The next day he went out and got three, two spoonbills and a teal, besides plover and one bird which he thought was a goose but it turned out to be a big sea gull which was only "winged." It was a beautiful bird and evidently had come here via the chain of great lakes to Lake Michigan, thence down the drainage canal to the Illinois river, to the Mississippi and up the Missouri to Chariton county.
